

Boda hinged tray box - interior print sheet

NOT FINAL DIELINE

Opened customer-facing side: inside lid, tray, foam insert, and closure areas.

Interior / customer-opened side

Inside lid artwork and tray/foam placement logic. Foam cut files must be separately confirmed.

Legend

--- bleed / trim guide - - - safe area - - - fold / panel edge concealed magnetic strip

Foam and insert notes

1. Foam density, insert depth, cavity count, product clearance, and booklet size are supplier-confirmed.
2. Inside-lid window and magnet positions are placement cues only until the final dieline is issued.
3. Changing instructions stay on insert cards, QR destinations, or approved customer paperwork.
